2019 International T'ai Chi Chih® Teachers' Conference

Transportation Options

Flying? Book a flight for Minneapolis/St. Paul (MSP)

Choose one of the following ground transportation options for your final destination:

Lyft: www.lyft.com/rider Sign up and download the app to your phone for specifics on rates and duration.

Uber: www.uber.com Sign up and download the app to your phone for specifics on rates and duration.

Super Shuttle: https://www.supershuttle.com/locations/minneapolis-stpaul-msp/?gclid=EAlaIQob-ChMIg76r0tvo3gIV3LrACh288AduEAAYASAAEgK-NvD_BwE

For rates and times insert your information: flight arrival time, number of passengers, one way or round-trip.

Public Transportation

For the more adventurous, public transportation users and those wishing to arrive early or stay longer than just for the conference:

a) **trip planner:** <https://www.metrotransit.org/imap/map.aspx>

b) **Metrotransit fares:** <https://www.metrotransit.org/fares>

Metrotransit has the most reasonable rates of any city - Light rail lines (green and blue) run between downtown St. Paul and downtown Minneapolis through the Minnesota State Capitol, St. Paul neighborhoods and businesses, crossing the Mississippi River at University of Minnesota, downtown Minneapolis, Minneapolis neighborhoods, Minnehaha Park, VA Hospital, MSP Airport and Mall of America. Duration: over an hour, but would be less expensive than any of the above and, if you have time, a more scenic route.

Light rail (blue and green lines) and bus (Local Bus / A Line / METRO) standard adult fares are \$2 (non-rush hour) or \$2.50 (rush hour) for 2.5 hours, all day passes are \$5 weekday, \$4 weekend. They can be paid by cash (exact change on buses), credit card (train ticket machines on train platforms) or mobile app. For further detail see <https://www.metrotransit.org/fares>. Warning: boarding a train or bus without paying the fare is subject to a \$180 fine.

Driving? Cycling? Walking?

Google maps gives options of origin and destination (copy and paste address above) and mode of transportation (driving, public transportation, walking, cycling, etc.) <https://www.google.com/maps>
